## ECOUTE CANCER RÉCONFORT

---

Valerie Barilaro  
President, Ecoute Cancer Réconfort

Ecoute Cancer Réconfort was founded 30 years ago under the honorary presidency of Princess Stéphanie to provide help and comfort to people with cancer thanks to a dedicated team of members and volunteers to ensure that patients and their families find the support they need.

In June 2009, a community centre was opened dedicated to the well-being of cancer sufferers – a unique, warm and welcoming environment where they can meet others, receive support and enjoy various activities, enabling them to regain energy, cope with the disease and escape from isolation.

## BORNEO WILDLIFE PRESERVATION

---

Katerina Pirelli-Zucchetto.  
Founder and President, Borneo Wildlife Preservation

The focus of BWP is to support local, partnered, wildlife and non-government organizations to ensure the survival of the Bornean elephants. BWP relies on the generosity of the international community to help with reforestation of habitats and aid to injured, displaced & orphaned elephants. Borneo is the third largest island in the world and is home to many rare species of plants and animals. Our projects contribute to conservation efforts on this island. We have worked on numerous events with Club Vivanova and appreciate the immense support that we have received.
